# Government Immigration Agents

A large and commodious Immigrant Station is erected at Quebec. It is provided with facilities to enable immigrants to wash and cleanse themselves, after coming off ship-board; with facilities for cooking, and large apartments in which they can sleep. Provision is also made for supplying meals at reasonable rates in this building. Meals are given as heretofore to the absolutely indigent; but these are limited to the smallest possible extent, and only given in cases of real need. The Government Agent at Quebec, and his assistants, bestow upon immigrants every possible attention, information as to the route, and advice as to the localities where work can be obtained. The Station is enclosed, and every possible pains taken to protect immigrants from imposition.

At Sherbrooke, in the Eastern Townships, a temporary shed has been built for the accommodation of immigrants.

At Montreal another Immigrant Station, similar in character, but of smaller size, is erected. It contains the same kind of conveniences and accommodation as the Quebec Station, and the same kind of care is taken of the immigrants at this point.

At Kingston there is still another Immigrant Station erected, of which precisely the same remarks may be made.

At Toronto, which is the chief distributing point, there is a large Station, where immigrants receive all needful accommodation and information, and from which they are despatched to their several destinations.

At Hamilton there is also a shed adapted for the shelter of immigrants.

In the new Province of Manitoba, a suitable shed is erected for the temporary accommodation of immigrants, who, it is supposed, will go there in greater numbers than heretofore.

The total number of immigrants assisted by benevolent societies and individuals in 1871, was 4,500, as appears from the returns compiled by the Dominion agent at Quebec. In the previous year the number was 9,787, the decrease being more than one-half.

# EMIGRATION

—TO THE—

## PROVINCE OF ONTARIO, CANADA.

---

**TENANT FARMERS.**—Improved farms, with dwellings and farm buildings, can be purchased at from £1 to £10 stig. per acre, or for the amount required to carry on a leased farm in Great Britain.

**CAPITALISTS.**—Eight per cent. can easily be obtained for money, on first class security.

**MECHANICS, FARM LABORERS, SERVANT GIRLS.**—Employment can readily be obtained at good wages.

### A FREE GRANT OF 200 ACRES

Of Land can be obtained, on condition of settlement, by every head of a family having children under 18 years of age; and any person over 18 years of age can obtain a **FREE GRANT OF 100 ACRES** on condition of settlement. These lands are protected from seizure for any debt incurred before the issue of the Patent, and for 20 years after its issue, by a "HOMESTEAD EXEMPTION ACT."

—

*Emigrants, on their arrival at Quebec, should communicate with the Agent for the Province of Ontario, Mr. H. A. MACLAURIN, who attends at the Vessels coming into port.*

—

### ASSISTED PASSAGES.

The Government of Ontario will pay to regularly organized Emigration Societies, or to individuals, in Europe or in Ontario, the sum of six dollars (£1 4s. 8d. stig.) for every statute adult pecuniarily assisted and sent to this Province, or to any emigrant paying his or her own passage, or the passage of his or her family, on the following conditions:—

1st. Each Emigrant so sent out, or paying his or her own passage out, must be approved of by some one of the Ontario Emigration Agents in Europe, or by the London Agent for the Dominion of Canada,

and furnished by such Agent with a certificate entitling such Emigrant, or the Society or individual by whom such Emigrant has been assisted, at the end of three months' residence in the Province, to the refund bonus of six dollars.

2nd. The Agent in Europe issuing the certificate shall be satisfied that the Emigrant is of good character, and that at least seventy-five per cent. of the adult males are of the Agricultural or farm labouring class, and the residue Mechanics or skilled labourers. Of "professional men, book-keepers, clerks and shop-men," the Province has already enough and to spare. Dress-makers, Milliners, and Seamstresses are required; and female Domestic Servants are in great demand.

3rd. The Emigrant, or the party in charge of assisted Emigrants, on landing at Quebec, must present the endorsed certificate to the Emigration Agent for the Province of Ontario, at his Office at Quebec, who will again endorse the certificate, and give the Emigrant such advice and instructions as may be required.

4th. The Emigrant having reached the Agency in the Province of Ontario nearest to his intended destination, will then be provided for by the Local Agent, and sent by free pass or otherwise to where employment is to be had.

5th. At any time after three months from the date of the endorsement of the certificate at Quebec, and upon proof being furnished and endorsed upon such certificate (which certificate must be presented in person or sent by mail to this Department), that the Emigrant has, during the interval, been and still is a settler in the Province, the Government of Ontario will pay to the Society or to the individual entitled to the same, the sum of six dollars per statute adult.

6th. Forms of Certificate, and full information, can be had by application to W. DIXON, 11 Adam Street, Adelphi, and B. ROBERTS, 130 Salisbury Square, Fleet Street, London; to C. J. SHELL, Eden Quay, Dublin; to ALEX. BROWN, 43 York Street, Glasgow; DAVID SPENCE, Secretary, Immigration Department, Toronto; or to any Commissioner or Agent for the Province of Ontario.

# INDIAN LANDS.

---

The Office having the management of Indian Affairs, offers to those persons—AND TO THOSE ONLY—who agree to become

## ACTUAL SETTLERS,

The principal part of the surveyed Indian Lands,—thus encouraging the Agriculturist and shutting out speculators. The three chief localities are :

### THE SAUGEEN DISTRICT,

In which about 216,000 Acres remain disposable. The Agent for their Sale is Mr. E. BARTLETT, Indian Office, Toronto. Between 30 and 40 miles of Colonization Roads have already been made for the purpose of affording access to the disposable land, and by grants from Indian Funds to the several Township Municipalities, various leading new Roads, affording readier access to the lands have been either opened or improved. On the

### GREAT MANITOULIN ISLAND,

Lake Huron, there are about 274,000 Acres still for sale. The Agent is W. PLUMMER, Manitowanning; and between 40 and 50 miles of Road have already been made, and the recent erection of Grist and Saw mills on the Island afford the Settlers increased advantages. The third locality is the

### Reserve on Batchawana and Goulais Bays and the Township of Macdonald,

Near Garden River. The Agent resides at Sault Ste. Marie. These lands comprise about 27,000 Acres. A line of Road through the larger Reserve has been surveyed, and so soon as that portion of the Road passing through Public Lands, of which it forms a continuation is completed in grading up to the southern boundary of the Reserve, is intended to be put under contract.
