ADJUTANT GENERAL'S OFFICE,

Toronto, 9th February, 1857.

(Circular.)

Sir,

There are two measures which appear to me to be desirable in every Corps of the Active Force.

The first is, that a well considered Code of By-laws in accordance with the 35th Clause of the Militia Act, be drawn up and submitted for approval of His Excellency the Commander-in-Chief.

The second is, that you should endeavour to establish Honorary Members to the Corps under your command, to consist of persons taking an interest in the Corps, not necessarily obliged either to uniform themselves or attend drill, but who will, as Honorary Members, contribute either an annual or monthly subscription, be it ever so trifling, towards the unavoidable contingent expenses of the Corps, and who will join it on festive or occasions of a like nature. If Honorary Members desire to uniform themselves or to drill, so much the better, but such requirements should not be compulsory on them.

This system has been adopted by one Company of Rifles in Upper Canada with signal success, and there is no doubt if adopted by others it would very much tend to increase the interest felt in the Corps, and to extend its influence and also materially to lessen expenses by dividing them amongst a larger number of persons.

I therefore earnestly request your attention to these points, being convinced that they will be of material benefit if judiciously acted upon.

A sketch of the By-laws adverted to herein for Honorary Members, is subjoined for your information, as they may be found suggestive to you in the event of your following the same course.

I have the honor to be, &c.,

DE ROTTEBURG,
Adjt. Genl. Militia.

HONORARY MEMBERS.

Rules.

1.—“ All persons becoming *Honorary Members* of the Corps shall be entitled to acquire a knowledge of Military discipline, and will be allowed to fall in with the regularly enrolled men of the company, provided they are in the proper uniform of the company.

2.—“ Many gentlemen may be disposed to become *Honorary Members*, merely to assist and forward the welfare and efficiency of the corps; consequently they need not, unless so disposed, render any Military services whatever.

3.—“ All *Honorary Members* will be taxed the same as the *bonâ fide* members of the company; which tax, at present is per month, to meet contingencies.

4.—“ *Honorary Members* desirous of doing duty with the company and acquiring a knowledge of the various duties of the soldier, while under arms or in uniform, will be subject to the by-laws, rules, regulations and discipline of the corps.

5.—“ On all holidays, celebrations, balls, dinners and other convivial meetings of the corps, *Honorary Members* not in uniform, will be distinguished by a piece of scarlet ribbon, tied in the button hole, on the left breast.

6.—“ No person can be placed on the list of *Honorary Members*, without the approval of the Commanding Officer.”

ADJUTANT GENERAL'S OFFICE,

Toronto, 16th April, 1857.

(Extract Circular.)

"2. *Official Documents.*—Officers in command are not to consider papers or documents in their possession on Battalion or Company matters as *private property*; but, upon promotion or retirement, are to hand all such in a perfect state over to their successors."

MILITIA GENERAL ORDERS, No. 1.

His Excellency the Commander-in-Chief desires to acquaint all Officers Commanding Field Batteries, that the " Reserve or Service Ammunition " originally issued with the Batteries, is not to be used on any account whatever—not even for a temporary purpose with the intention of being subsequently replaced—without previous authority from this Department,—and the Inspecting Field Officers will specially report on this subject during their Annual Inspections of the present year, with a view to the expense of any deficiency in such " Reserve Ammunition " being charged to the Corps.

No. 2.

Commanding Officers of Rifle Corps are reminded at the same time that the 10 rounds per Rifle of " Service Ammunition," ordered to be kept in reserve for emergencies, are not to be used for practice or any ordinary purpose—and the Inspecting Field Officers are requested to report to this Department any infringement of this order.

No. 3.

With reference to the General Order of the 22nd May last, fixing the number of Men and Horses to be allowed pay for Drill for the present year, His Excellency has been pleased to direct that no Cavalry, Foot Artillery or Rifle Corps shall henceforward proceed to Drill as a Corps, so as to be allowed to draw pay for such Drill, unless Thirty Men, *at the least*, have attended according to law.

MILITIA GENERAL ORDER.

His Excellency the Commander-in-Chief cannot leave Canada without addressing a few words to the officers and men of the Militia which he has had for nearly seven years the honor to command, more especially to that portion of such Militia organized as the Active Force.

The Volunteer Force has been formed since His Excellency assumed the Government of this Colony, and he now desires to thank the officers and men composing that force for the readiness with which they have listened to advice and suggestions on his part for the zeal which they have shewn in the service generally, and for the

energy with which they have turned out to aid the Civil Power or to shew honor to the Governor General himself or to more distinguished strangers.

His Excellency confidently believes that the whole Militia of Canada, Sedentary and Active, will be ready at all times to defend their Homes and support the Crown of England as their Fathers have done before them—but he would exhort them not to slacken in their exertions—perseverance in their Drill and practice with their Rifles will make Canadians as fit and able to protect their Country as any Soldiers in the world, and the strength of the British Empire will, in case of emergency, be exerted with two-fold energy and two-fold heartiness in support of a people thus qualified to fight in their own cause.

In saying this His Excellency earnestly trusts that no war will touch the frontiers of Canada, and that peace and good will towards those with whom we have no cause for quarrel, will continue to bless our borders as they have done for many years—With this prayer he bids the Militia of Canada heartily farewell.

By Command of His Excellency the Right Honorable the
Governor General and Commander-in-Chief.

Deputy Adjt. Genl. Militia.

MILITIA GENERAL ORDER, No. 2.

His Excellency the Commander-in-Chief has had under his consideration the obvious disadvantages which must exist in the event of any Militia corps being dressed in uniforms different from any of those worn by Her Majesty's regular Troops with whom they may be required to act.

His Excellency therefore has ordered the re-publication of the Circular Letter from the office of the Adjutant General of Militia, of the 19th May, 1860, by which the uniform of the Active Militia Force is prescribed, in accordance with the Militia Law; and His Excellency strongly urges the attention of officers in command of corps of the Active Force to the necessity of a strict compliance with such General Order.

“ADJUTANT GENERAL'S OFFICE,

“Quebec, 19th May, 1860.

“Sir,—In accordance with section 31, of the Consolidated Militia Laws, His Excellency the Commander-in-Chief has been pleased to

prescribe the following pattern for all clothing to be furnished in future by the Volunteer Force of the Province, viz :

Field Batteries and Foot Companies of Artillery.

“ Blue Tunics and Trowsers, the same as the Royal Artillery.

Cavalry.

“ Blue Tunics, single breasted, with Scarlet facings and white cord :
“ Blue Trowsers, with white stripes down the legs :

}	Officers to wear Silver Lace.

Rifle Corps or Companies.

“ Rifle Green Tunics, single breasted, with Scarlet Facings and Black Cord Shoulder Strap ; collar and cuffs slightly braided.

“ Rifle Green Trowsers, with two stripes of Black Braid on a scarlet stripe down the legs : the Highland Companies are recommended to wear Tunics, or Jackets, and Trews the same as those used in the regular service, the material and facings of the Tunic or Jacket to be in uniform with the other Rifle Corps.

“ The Buttons of the Tunics of each Arm of the Force to be of the same description as those worn in the regular service, encircled with the words, “ Volunteer Militia Canada.”

Head Dress.

“ His Excellency is pleased to leave the description of the future Head Dress to be decided by the Force themselves : but, with a view to uniformity at each Station, it must be so arranged that each Arm of the Service will always appear on Parade with the same style of Head Dress—the Highland Companies however will continue to wear such Head Dress as may be considered most suitable to themselves.

“ In thus prescribing a Uniform for the Force, His Excellency earnestly desires to impress upon the Commanding Officers and all others concerned, the expediency of keeping the expense of the uniform of the Volunteer Corps as low as possible—His Excellency is satisfied that the most simple uniform will be the most servicable, and that the several Corps will be maintained in a more efficient state by diminishing the cost of the soldier's outfit.”

MILITIA GENERAL ORDER, No. 4.

With reference to the General Order, No 2, of the 22nd March, 1861, His Excellency the Commander-in-Chief is pleased to direct that the revised "Field Exercise and Evolutions of Infantry," approved of by the General Order, dated Horse Guards, January, 1862. be adopted by the Active Force and the Militia of Canada, and all Infantry Drill Instructors of the Militia will be governed accordingly. No. 5.

His Excellency the Governor General and Commander-in-Chief having obtained from His Excellency the Lieutenant General Commanding Her Majesty's Forces, the services of the non-commissioned officers of Her Majesty's Service sent from England for the purpose of drill and instruction to the Militia, is pleased to place the same at the disposal of the Militia.

His Excellency desires to impress strongly on the officers under whose orders Drill Instructors are or may be placed, that these Drill Instructors are furnished, free of expense, to those whom they instruct; and that such officers are to endeavour, as far as possible, to make the services of such Instructors available, not only for the Corps of the Active Force already in existence, but also for such others as may be hereafter organized in their respective localities, and gazetted; and further, for instruction to such of the Sedentary Militia or Drill Associations within their neighbourhood as may desire to procure military instruction. It will be therefore incumbent on the officers, under whose orders the Drill Instructors are so placed, to make such arrangements as that the convenience of the several Corps or Drill Associations shall be consulted, at the same time with the economy of transport of the Instructors from one place to another, and the making of their services the most available.

The Commander-in-Chief is also pleased to call the attention of the Militia to the fact that the Drill Instructors being only temporarily resident in the Province for the special service assigned to them, it is especially incumbent on officers and non-commissioned officers, both of the Active and Sedentary Militia, to acquire such a knowledge of and proficiency in their drill and military duties, as will enable them on the departure of the Drill Instructors to impart, from time to time, the knowledge thus acquired to those who may be under their command.

Volunteer Rifle Corps and Companies, although armed with the long Enfield Rifle, are to be instructed in the Manual and Platoon Exercises prescribed for the short Enfield Rifle in the "Field Exercise and Evolutions of Infantry, 1862," except as regards the modes of fixing and unfixing bayonets, in which instances the directions laid down for the long Rifle are to be followed: also all orders contained in the "Field Exercise" for the guidance of Troops carrying the short Rifle are to be considered as applicable to Volunteers, although armed with the long Rifle.

All Corps and Companies of "Infantry" will, however, be instructed in the Manual and Platoon Exercises, prescribed for the long Enfield Rifle in the said "Field Exercise," the same as in the Queen's service.

7. He will further be subject to such orders and regulations as the Commander-in-Chief may see fit, from time to time, to issue for his guidance and instruction. He will report direct to Head Quarters, and be the channel of all communications therewith in each Military District, for the Militia, both Sedentary and Active.

8. On appointment he will be expected to devote his undivided attention to the duties of his office, more especially for the first six months after such appointment, and until he has initiated the system, and brought his district into working order.

MILITIA GENERAL ORDER.

PRESIDENT: Lt. Col. Thos. Wily, Canadian Militia.
MEMBERS: Major H. Bernard, Com. Civil Ser. Rifles.
Major E. Panet, 9th Bt. Vol. M. Rifles.

His Excellency the Commander-in-Chief having ordered a Court of Inquiry, composed of the Officers named in the Margin, to assemble at Quebec, to examine into, and report upon a complaint made by the Brigade Major of the Seventh Military District of Lower Canada, against the Second Company, (Captain Knight's,) of the Eighth Battalion or Stadacona Militia Rifles, Quebec, is hereby pleased to approve of the "Finding" of the said Court, to the following effect, viz:

“ The Court having duly considered the evidence brought forward in support of the prosecution, as well as what has been adduced in mitigation by Dr. Wolff, on the part of the Second Company, Eighth Battalion Volunteer Militia Rifles, are of opinion that the Company in not accepting the Officer, who was sent by Major Campbell to command them, was guilty of an act of disobedience, which was a breach of good order, and highly subversive of military discipline. Whilst the Court are of opinion, that nothing can justify the commission of such an act of insubordination, they consider that the Company may have possibly thus behaved, in some measure, from ignorance and inexperience, and from a mistaken belief that the Company, although now one of a Battalion, had its own Officers, by whom alone it should be commanded. The Court also desire to express their regret, that the Company was left, by the absence of two Officers in England, and one from sickness, to the very anomalous position of being commanded by the Surgeon. The Court further entertain the opinion, that disobedience of orders should be dealt with, rather under the provisions of the Militia Law for the time being, instead of resort, as in this case, being had to an extreme measure, the propriety of, or indeed the authority for which, is very doubtful.

“ With regard to the charge brought against Major Campbell of having refused to obey the orders of Colonel Sewell, the Commandant, this has not been proven in evidence, and he is therefore exonerated therefrom. But the Court cannot here avoid remarking that the use by that Officer, to his superior, of the expression, ‘ Colonel Sewell, I command here and will admit of no interference,’ shewed an absence of the true appreciation of their respective military positions. Implicit and ready obedience, at all times, and under any circumstances, to all lawful orders, on the part of Officers and Men of the Volunteer Force, is a duty of the first importance, and is the foundation on which their character as a military organisation must be built.”

The Commander-in-Chief agrees with the opinion of the Court of Inquiry, that the conduct of Number Two Company, Eighth Battalion, on the evening of March Third, was of a nature entirely subversive of the principle of implicit obedience to the command of a superior, the observance of which is essential to the efficiency of all military organisations, whether the men composing the force be civilians or regular soldiers.

Volunteers must never forget that if their services are to be of

any practical use to their country, they are bound equally with professional soldiers to make, when on duty, a complete surrender of their individual freedom of action.

Unless this sacrifice is thoroughly and cordially made, mere technical drill is worthless, and discipline, for any useful purpose, cannot with truth be said to exist.

The Commander-in-Chief regrets very much that the men of so fine a Company as Number Two, Eighth Battalion, should have been betrayed into conduct reflecting so much discredit upon themselves, and exhibiting such forgetfulness of the fundamental principle of military discipline.

Under all the circumstances however the Commander-in-Chief is satisfied to accept the apology offered before the Court of Inquiry on the part of the Company, namely, that the men acted in ignorance and without a premeditated intention of insubordination.

The Commander-in-Chief however would fail in his duty towards the Force if he did not warn the Company that any—the slightest recurrence of such unsoldierlike conduct—will be visited with severe punishment.

The conduct of Major Campbell, in addressing to his superior Officer the words which he himself admits he used, was reprehensible, and Major Campbell must be admonished to be in future more careful in his language when speaking to his superiors.

The Commander-in-Chief concurs with the opinion of the Court of Inquiry, that an error in judgment was committed in giving to the men of the Company an order to lay down their arms, &c., and instead of putting in force against the disobedient the provisions of the Militia Law.

MILITIA GENERAL ORDER, No. 1.

The following General Order No. 2, of the 10th January, 1862, respecting Great Coats, is re published for the information and strict guidance of Officers Commanding Corps of the Volunteer Force and all others concerned, viz :

“ The Commander-in-Chief desires to impress upon Officers commanding Corps of the Active Force, that the Great Coats

now being issued to the Force are public property, and should, in all cases, be treated in exactly the same manner, as regards use and custody, with the Arms and Accoutrements of the men. They should be kept in the building appointed for keeping the Arms, and should not, on any pretence, be worn, except when the men are engaged in Drill or on duty. Commanding Officers will be held personally responsible for the enforcement of this Order."

His Excellency desires at the same time to acquaint the Officers of the Volunteer Force, that if any of them desire to wear the Great Coats issued to the Volunteers, they will be permitted specially to do so upon paying their value, at the rate of four dollars per Coat, into the Bank of Upper Canada, to the credit of the Receiver General, forwarding the "Deposit Receipt" therefor to this Department, through their Brigade Major,—but it will be necessary in all cases to receive previous authority for such issues from Head Quarters.

MEMO.

1. The annual allowance (due 1st April) for all Corps armed with Enfield Rifles, is 60 Rounds Ball and 40 Rounds Blank for each man actually effective.

2. The requisition, when filled up by the Captain, will be sent by him to the Brigade Major of the Division for certificate, who will then forward it *direct* to the Militia Department at Head Quarters for approval. All Ammunition must be issued in *kegs or barrels*, and the issuing Officers are on no account to issue Ammunition in quantities *less* than a quarter-barrel.

Extra Ammunition.

3. Officers in command of Corps, who may require extra Ball Ammunition, are informed that the quarter-barrel contains seven hundred (700) rounds of Ball Cartridges, with the proportion of Caps; and such ammunition will, in future, be issued in quarter-barrels only. Officers making application for *extra* ammunition will therefore, in future, calculate the quantity asked for in quarter-barrels, taking care that the quantity demanded corresponds with the entire contents of one or more quarter-barrels.

4. *Extra Ammunition* is issued on application *direct* to the Militia Department at Head Quarters, by the Officer requiring it, and payment therefore is to be made by the Officer making the application for such extra ammunition, depositing the money in the Bank of Montreal, to the credit of the Receiver General, and transmitting the Certificate of Deposit for the same to the Militia Department. The price of a quarter-barrel of Ball Ammunition, with Caps complete, is \$11 $\frac{1}{10}$.

Extract Circular to Commanding Officers.

“ His Excellency the Commander-in-Chief desires me to acquaint you at the same time, that the great object he has in view is the efficiency of the Volunteers in Rifle shooting, and to this end he desires that no Volunteer shall be permitted to fire more than his allotted share (60 rounds) of the Government allowance of ball ammunition, and that it is the duty of the Officer commanding to take care that every Volunteer on the strength of the Company shall, within the year, fire at the target that number of rounds (60) of ball ammunition, at such times as may be most convenient: for it is manifest that, if the whole of the Government allowance is shot away at Rifle Matches by a

few Volunteers from each Company—a practice at present frequently followed—His Excellency's object cannot be attained.”

Depy. Adj. Genl. of Militia.

HEAD QUARTERS,

Quebec, 22nd February, 1864.

GENERAL ORDER, No. 1.

His Excellency the Commander-in-Chief has before him a report of the proceedings of a meeting held at Levis on the 4th instant, at which the following resolution was passed :

“ Moved by Captain Thompson, seconded by Captain Haughton—

“ That the Officers and Non-Commissioned Officers of the 17th Battalion of Levis Volunteer Militia Infantry regret to learn the summary dismissal of Brigade Major de Bellefeuille, on the plea of retrenchment ; and while deeply sympathising with him, condemn, in the strongest terms, such a proceeding, as being detrimental to the organization and effectiveness of the force of the 3rd Military District.”

His Excellency has also before him a letter from Lieutenant-Colonel Blanchet, who was represented to have taken the chair at the meeting referred to, admitting that the report of this resolution is correct.

His Excellency feels bound to express his strongest condemnation of the conduct of Lieutenant-Colonel Blanchet and the other Officers of the 17th Battalion who took part in the proceeding of that meeting, as exhibiting on their part a total absence of any sense of discipline or subordination to superior authority.

A Volunteer does not, by joining the Force, abdicate his functions as a Citizen, nor does he give up any portion of his right in his private capacity to discuss, and, if he see fit, to condemn the action of the Government or any branch of it.

But that an Officer Commanding a Battalion should assemble his subordinates and proceed with them in their character as a Military organization to sit in judgment upon, and condemn the orders of the Commander-in-Chief is a proceeding which, for the sake of the efficiency of the service, if for no other consideration, cannot be tolerated.

Without strict attention to discipline and subordination to superior authority, a Military body of any description will soon degenerate to the condition of an armed mob, and if the Volun-

teer Force desires really to become an efficient organization, its members cannot keep too much before their minds the principle that unquestioning obedience to authority is no less the duty in his Military character of the volunteer, than of the regular soldier.

As Lieutenant-Colonel Blanchet has disclaimed any intention of infringing the rules of Military discipline, His Excellency is willing to attribute his conduct and that of his Officers on this occasion to ignorance of their obligations in that respect, and will not take any further proceedings against them than by expressing his grave censure of their proceedings, but in the interest of the Volunteer Force generally, and for the information of those who compose that force, His Excellency is pleased to direct that this *memorandum* should be published in General Orders.

11. The course of drill in which each arm of the service must, in order to qualify at the Inspection, display a satisfactory amount of proficiency, will be as follows:

For Artillery.

12. Squad and Company drill including the Manual and Platoon Exercise and Gun drill, in cases where Artillery corps are supplied with guns.

For Cavalry.

13. Cavalry Sword Exercise and mounted and dismounted Troop and Squadron drill as laid down in the Cavalry regulations.

For Infantry and Rifles.

14. Squad and Company drill with the exception of marching in slow time, including the Manual and Platoon Exercise, skirmishing as a Company, and simple manœuvres in Battalion Drill as laid down in the "Field Exercises of Infantry."

Target Practice.

15. In cases where ranges are provided all Battalions and Companies of Volunteer Militia shall in accordance with the General Order of October the 2nd, 1863, have expended thirty rounds per man of ball ammunition, and the Officers commanding such Battalions or Companies shall keep careful and accurate returns of all Target Practice in accordance with forms which will be provided from the office of the Adjutant General of Militia.

Horses.

16. Pay will be allowed for 16 days drill of 3 hours each, or for 32 drills of 1½ hour each for the horses of the non-commissioned officers and men and guns of the Field Batteries of Artillery and for the horses of the non-commissioned officers and men of the Troops of Cavalry, provided that at least one half the strength of the Field Battery or Troop of Cavalry and at least one Commissioned Officer shall attend each such drill.

17. Brigade Field days when ordered to the extent of two for each year will be allowed to count as two drills of 1½ hour each.

18. The pay for horses will be allowed at the rate of seventy-five cents per horse for each drill of three hours, for the number of horses actually and necessarily present at each such drill not exceeding forty-five for each Field Battery of Artillery, and the number of horses actually and necessarily present at each such drill for each Troop of Cavalry.

19. The course of drill required of each arm of the service by this order, will be certified according to forms which will be supplied from the office of the Adjutant General of Militia; the forms as to the Company drill being certified and signed by the Captain or Officer in command of the Company, and those as to Battalion Drill being certified and signed by the Officer commanding the Battalion.

20. Any sum of money which His Excellency may order to be paid over to the commanding officer of a Volunteer Battalion deemed efficient, under the 16th section of the Volunteer Militia Law, will be so paid over after the annual inspection by officers of Her Majesty's Service.

21. A careful compliance with the provisions of the preceding paragraphs is required, as furnishing proof or evidence of an "Efficient Volunteer Battalion" upon which His Excellency may decide as to the appropriation of any money, under the sixteenth section of the Volunteer Militia Law.

22. The annual inspection to entitle the force to receive pay will take place at any time before the 15th December, 1864—at which the Brigade Majors shall notify the Deputy Adjutant General that the several Corps within their respective districts have completed their course of drill.

23. No notification can be received after the 15th November for this inspection as the state of the weather after the middle of December would render it impossible to have an effective inspection.

24. Corps which cannot qualify so as to enable the Brigade Majors to give notice before the 15th November, cannot be inspected, and consequently cannot become entitled to their pay for the year 1864-65 until after the disappearance of the snow in the spring of 1865.

THE SYSTEM AND REGULATIONS

OF THE

Life Association of Scotland,**(For Life Assurance and Annuities)**

Have been so framed as to secure to its Policy-holders the *utmost value for their payments*, and include provisions in their favor on the following important points :

Small Outlay for Life Assurance.

Non-Liability to Forfeiture of Policy.

Liberal Return for Surrender of Policy.

Freedom from the Risks of Partnership.

THE LIFE ASSOCIATION OF SCOTLAND was Founded Twenty-six years ago, and has been among the most successful of the Life Assurance Offices.

The Total Sums Assured on Lives Deceased, and paid to the Policy-holders, amount to	- - - - -	£600,000 Stg.
The Profits already Distributed in Cash amongst Policy-holders during their Lives amount to	£-	£234,000 Stg.
The Accumulated Fund Reserved on hand amounts to	-	£853,000 Stg.
And the Gross Annual Income from Premiums and Interest on Investments is upwards of	- - - - -	£220,000 Stg.

DIVISION OF PROFITS.

In Class A, by the mode of allocating Profits, the Annual Payments required from the Policy-holders are greatly reduced. Each Policy-holder thus enjoys, *during his own Life*, his share of the Surplus or Profit ; in fact receiving back, every year, that portion of his Premiums which has been found more than requisite.

In Class B the Profits are allocated by way of Additions to the Sums Assured.

INCREASING POLICIES

may be effected so as that the Sums Assured shall increase by the lapse of time to *double* the original amount, without corresponding increase of Premium.

Immediate Assurers will secure considerable benefits over later Entrants.  Civilians are allowed to serve in Volunteer Corps within the United Kingdom, or its Colonies, without extra payment.

BUSINESS.

FIRE INSURANCE.—The Premiums received by the Liverpool and London and Globe Company in the year 1863, amounted to \$2,900,000, and exceed by not less than \$1,000,000, those of any other Fire Office in England.

LIFE INSURANCE.—The enormous resources of the Liverpool and London and Globe Company present an amount of security for Insurers such as few, if any, offices can give. The very large funds actually invested, and the unlimited responsibility of the numerous and wealthy Proprietors are not surpassed. The various scales of Premiums will be found not more than commensurate to the advantages afforded; and the Bonuses being guaranteed when the policy is issued, and not being contingent on the profits made, entail not the remotest liability of partnership. A contract of Life Insurance should not be a speculation. Its fulfilment should depend on probabilistical success. A leading object aimed at in the issue of insurance is to render that certain which otherwise would be doubtful only; and that Company would seem to fulfil most entirely the purpose of its existence, which places all the inducements it holds out to the world, on the clear basis of distinct guarantee. This certainty is characteristic of the Liverpool and London and Globe Company. The premiums on Life Insurance received in 1863, were \$1,000,000.
