The Regimental Divisions of L'Assomption and Montreal, Argenteuil and Two Mountains, Arthabaska and Drummond, Beauharnois and Laprairie, Brome and Stanstead, Bellechasse and Dorchester, Bonaventure and Gaspé, Chambly and Verchères, Charlevoix and Montmorency, Chicoutimi and Saguenay, L'Islet and Montmagny, Jacques Cartier and Laval, Maskinongé and St. Maurice, Napierville and St. Johns, Nicolet and Yamaska, Ottawa and Pontiac, Soulanges and Vaudreuil, Richmond and Wolfe, have been united for Battalion purposes under the General Order of the 13th December, 1864, and the Regiment of Service Militia to be furnished by them conjointly, is named as such.

Under the Militia General Order of the 13th December, 1864, a Ballot was ordered to take place on the 30th of the same month, and 40,545 men were called for. *M. G. O.* } Valedictory Order of Sir Edmund Head on leaving  
*Octr. 22, 61.* } Canada—

His Excellency the Commander-in-Chief cannot leave Canada without addressing a few words to the officers and men of the Militia which he has had for nearly seven years the honor to command, more especially to that portion of such Militia organized as the Active Force.

The Volunteer Force has been formed since His Excellency assumed the Government of this Colony, and he now desires to thank the officers and men composing that force for the readiness with which they have listened to advice and suggestions on his part for the zeal which they have shown in the service generally, and for the energy with which they have turned out to aid the Civil power or to shew honor to the Governor General himself or to more distinguished strangers.

His Excellency confidently believes that the whole Militia of Canada, Sedentary and Active, will be ready at all times to defend their Homes and support the Crown of England as their Fathers have done before them—but he would exhort them not to slacken in their exertions—perseverance in their Drill and practice with their Rifles will make Canadian as fit and able to protect their Country as any Soldiers in the world, and the strength of the British Empire will, in case of emergency, be exerted with twofold energy and twofold heartiness in support of a people thus qualified to fight in their own cause.

In saying this His Excellency earnestly trusts that no war will touch the frontiers of Canada, and that peace and good will towards those with whom we have no cause for quarrel, will continue to bless our borders as they have done for many years—With this prayer he bids the Militia of Canada heartily farewell.

 actually effective.

2. The requisition, when filled up by the Captain, will be sent by him  
 to the Brigade Major of the Division for certificate, who will then forward  
 it direct to the Militia Department at Head Quarters for approval. All  
 Ammunition must be issued in *legs or barrels*, and the issuing Officers are  
 on no account to issue Ammunition in quantities *less* than a quarter-  
 barrel.

*Extra Ammunition.*

3. Officers in command of Corps, who may require extra Ball Ammunition, are informed that the quarter-barrel contains seven hundred (700) rounds of Ball Cartridges, with the proportion of Caps; and such ammunition will, in future, be issued in quarter-barrels only. Officers making application for *extra* ammunition will therefore, in future, calculate the quantity asked for in quarter-barrels, taking care that the quantity demanded corresponds with the entire contents of one or more quarter-barrels.

4. *Extra Ammunition* is issued on application *direct* to the Militia Department at Head Quarters, by the Officer requiring it, and payment therefore is to be made by the Officer making the application for such extra ammunition, depositing the money in the Bank of Montreal, to the credit of the Receiver General, and transmitting the Certificate of Deposit for the same to the Militia Department. The price of a quarter-barrel of Ball Ammunition, with Caps complete, is eleven dollars sixteen cents.

1. The General Orders of the 12th February and 9th August, 1864, are hereby cancelled :

2. His Excellency the Commander-in-Chief is pleased to order the several Corps of Volunteers in the Province, to complete the course of sixteen days annual drill, authorized to be paid for under the provisions of section 4 of the Volunteer Militia Law, at such times as may be most convenient, in respect to which the following regulations have been adopted :

5. No pay will be allowed to any individual Volunteer whose Company is not efficient.

6. Each Volunteer for whom payment is demanded shall have attended since the 1st day of April, 1864, at least sixteen days drill. Each days drill to consist of 2 drills of 1  $\frac{1}{2}$  hour each, or if found more convenient to the men a drill of 1  $\frac{1}{2}$  hour will be allowed to count for half a day's drill, at which drills not less than one half the actual strength and at least one commissioned Officer of the Company shall have attended.

7. When a Brigade Field day shall have been ordered it shall be allowed to count as two drills of  $1\frac{1}{2}$  hour each for all non-commissioned officers and privates attending: provided that not less than one half the strength of the Battalion or Company shall attend.

8. Not more than two Brigade Field days shall be allowed to count for each non-commissioned officer or man during the year.

9. Each non-commissioned officer and man who performs the course of target practice hereinafter appointed shall be allowed to count such target practice as four drills of  $1\frac{1}{2}$  hour each.

10. In future the year for the purposes of Militia drill and pay, shall commence on July 1, in each year.

11. The course of drill in which each arm of the service must, in order to qualify at the Inspection, display a satisfactory amount of proficiency, will be as follows :

*For Artillery.*

12. Squad and Company drill including the Manual and Platoon Exercise and Gun drill, in cases where Artillery corps are supplied with Guns.

*For Cavalry.*

13. Cavalry Sword Exercise and mounted and dismounted Troop and Squadron drill as laid down in the Cavalry regulations.

*For Infantry and Rifles.*

14. Squad and Company drill with the exception of marching in slow time, including the Manual and Platoon Exercise, skirmishing as a Company, and simple manœuvres in Battalion Drill as laid down in the "Field Exercises of Infantry."

*Target Practice.*

15. In cases where ranges are provided all Battalions and Companies of Volunteer Militia shall in accordance with the General Order of October the 2nd, 1863, have expended thirty rounds per man of ball ammunition, and the Officers commanding such Battalions or Companies shall keep careful and accurate returns of all Target Practice in accordance with forms which will be provided from the office of the Adjutant General of Militia.

*Horses.*

16. Pay will be allowed for 16 days drill of 3 hours each, or for 32 drills of  $1\frac{1}{2}$  hour each for the horses of the non-commissioned officers and men and guns of the Field Batteries of Artillery and for the horses of the non-commissioned officers and men of the Troops of Cavalry, provided that at least one half the strength of the Field Battery or Troop of Cavalry and at least one Commissioned Officer shall attend each drill.

17. Brigade Field days when ordered to the extent of two for each year will be allowed to count as two drills of  $1\frac{1}{2}$  hour each.

18. The pay for horses will be allowed at the rate of seventy-five cents per horse for each drill of three hours, for the number of horses actually and necessarily present at each such drill not exceeding forty-five for each Field Battery of Artillery, and the number of horses actually and necessarily present at each such drill for each Troop of Cavalry.

19. The course of drill required of each arm of the service by this order, will be certified according to forms which will be supplied from the office of the Adjutant General of Militia; the forms as to the Company drill being certified and signed by the Captain or Officer in command of the Company, and those as to Battalion Drill being certified and signed by the Officer commanding the Battalion.

20. Any sum of money which His Excellency may order to be paid over to the commanding officer of a Volunteer Battalion deemed efficient, under the 16th section of the Volunteer Militia Law, will be so paid over after the annual inspection by officers of Her Majesty's Service.

21. A careful compliance with the provisions of the preceding paragraphs is required, as furnishing proof or evidence of an "Efficient Volunteer Battalion" upon which His Excellency may decide as to the appropriation of any money, under the sixteenth section of the Volunteer Militia Law.

22. The annual Inspection to entitle the force to receive pay will take place at any time before the 15th December, 1864—at which the Brigade Majors shall notify the Deputy Adjutant General that the several Corps within their respective districts have completed their course of drill.

23. No notification can be received after the 15th November for this inspection as the state of the weather after the middle of December would render it impossible to have an effective inspection.

24. Corps which cannot qualify so as to enable the Brigade Majors to give notice before the 15th November, cannot be inspected, and consequently cannot become entitled to their pay for year 1864-65 until after the disappearance of the snow in the spring of 1865.

No. 2.

*M. G. O.* } 1. For the maintenance of good order and discipline in the  
*Augt. 4, 65.* } active Volunteer force, the Commander-in-Chief calls the  
attention of all Officers, non-commissioned Officers, and private soldiers, to  
the following clauses of the Volunteer Militia Act, prescribing the penalties  
which by the law of the Province may be inflicted for offences, viz :

Clauses 9, 10, 11, 12, 84, 85, 86, 87, 88, 89, 90, 94, 95, 96, 97, 98, 101,  
102; and the Commander-in-Chief will after the publication of this order,  
hold all concerned responsible that they make themselves thoroughly  
acquainted with the provisions of those clauses, at their own proper risk,  
in case of failure to do so.

2. As any armed force, not under proper discipline, must be a source of  
embarrassment and useless expense to the country which maintains it, the  
Commander-in-Chief desires that all commanding officers of corps will  
make an immediate report of any offences, committed by the men under  
their command, which may come within the application of the above  
clauses, to the local Commandant where there is one, or to the Brigade

Major of the division, who will deal with the same in the manner prescribed by law. And the Commander-in-Chief calls on all Volunteers who have the good of the service at heart, to support him in his endeavour to place the Volunteer Force of Canada, on a really efficient and permanent footing, by the example they can themselves set, in their respective spheres, of implicit obedience to lawful authority.

3. With reference to the foregoing paragraph, Commanding Officers of Corps will send to the Commandant where there is one, or to the Brigade Major where there is no Commandant, in writing, a specification of the offence which may be charged against any man under their command within twenty-four hours after the commission of said offence, together with the written testimony of the witness or witnesses which establish the charge. It is indispensable that the offence shall be clearly defined, and that the evidence shall be clear and conclusive.

If the Commandant or the Brigade Major, as the case may be, shall be satisfied by the conclusiveness of the testimony, that the offence charged has been committed, and that it falls within the application of any of the clauses above mentioned, he will proceed against the offender in the manner prescribed by law. But if the Commandant or Brigade Major shall deem the testimony inconclusive, or that it does not come clearly within the provisions of the cited clauses, he will personally investigate the matter before taking action upon it. Forms for this purpose will be supplied to Brigade Majors.

4. Recent reports by Inspecting Queen's Officers show that in many instances the arms in use by Volunteer Companies are being rapidly ruined by neglect; that Volunteers are in the habit of wearing the public clothing when not employed on Volunteer duty, in violation of clause 12 of the Volunteer Militia Act, whereby much of the clothing has been worn out before the proper period, and some of it is altogether deficient; also that many Volunteers have been allowed to keep their great coats at their own homes, in violation of clause 12 of the aforesaid Act, and in direct disobedience to the General Order dated at Quebec, 10th April, 1863, by which custom many great coats have been worn out before the proper time, and many are missing.

The Commander-in-Chief therefore orders that in future neither arms, accoutrements or great coats shall be allowed to remain in possession of the men on any pretence; but that they shall be invariably kept either in public armories, or in the custody of Commanding Officers of Corps, who will, under the Brigade Majors, be held responsible for the literal observance of this order. Also, that all cases of the violation of clause 12 of the Volunteer Militia Act shall be immediately reported to the Brigade Majors, as above enjoined in paragraph 3 of this order.

5. Brigade Majors will immediately make a minute personal inspection of all arms, clothing, and accoutrements, as well as of any other description of public stores, which may have been issued for the Volunteer Service, in their respective divisions, and will send to the Adjutant General through the proper channel a detailed return of the same, classified under different heads, specially noting their condition, the deficiencies, if any, with their causes, and the names of the individuals liable to make them good.

In every quarterly return thereafter, the Brigade Majors will state specially that the deficiencies reported at the end of the previous quarter, have been made good, or if otherwise, the reason why they have not been made good.

6. Brigade Majors are reminded that the certificates signed by them as to the condition of the arms, clothing, &c., are intended as a check for the purpose of saving to the Province the serious loss which would be occasioned by carelessness or neglect; and they are enjoined never to sign a certificate of arms being in good order without satisfying themselves of the condition of the insides as well as of the outsides of the barrels.

7. If the Volunteers have not yet been instructed in the proper method of cleaning their arms, the drill instructor will devote the first meetings for drill, after the receipt of this order, to teaching the men thoroughly this most important part of the duty of a soldier, the neglect of which would render him useless in battle; and the Brigade Majors will report to the Adjutant General, so soon as the Volunteers in their respective districts, or a large proportion of them, are competent to perform it.

8. At every meeting for drill thereafter, the arms will be inspected according to the mode prescribed by the regulations of the army; and this will form in future one of the parade details of every inspection of Volunteers.

9. After firing, at target practice, Commanding Officers will require every man to clean his own rifle before returning it to the Company's arm racks, and any failure in this respect, will be immediately reported in the manner enjoined by paragraph 3 of this order.

10. The foregoing orders with respect to the care and cleaning of arms, are not issued for the mere purpose of ensuring smartness on parade; but they are indispensable to the real efficiency, and continuance of the Volunteer Force. The arms are costly weapons, which with care will last for many years, but unless the rifles are kept thoroughly clean both inside and out, they rapidly deteriorate, and become useless. The Commander-in-Chief will therefore, in future, only keep up those corps, which by taking proper care of the public property entrusted to their charge, will save the Province the useless waste which must result from a contrary proceeding.

And in future, every volunteer who may attend battalion drill under a field officer, and certified by the commanding officers, may receive credit for such drill, provided the total attendance at any battalion drill, for which pay is claimed be not less than 60 men.

But nothing in this order is to be construed as affecting General Orders, 7 and 8 of the 31st August, 1864, respecting brigade field days ; nor as altering in any manner the conditions as to efficiency and the yearly inspection by competent inspecting officers, on which alone any drill-pay will be issued, nor as conferring a claim by any Volunteer to an amount of drill-pay in any one year beyond the \$8 00 authorized by Law.

THE SYSTEM AND REGULATIONS  
OF THE  
**Life Association of Scotland,**  
(For Life Assurance and Annuities)

Have been so framed as to secure to its Policy-holders the *utmost value for their payments*, and include provisions in their favor on the following important points:

**Small Outlay for Life Assurance,  
Non-Liability to Forfeiture of Policy,  
Liberal Return for Surrender of Policy,  
Freedom from the Risks of Partnership.**

THE LIFE ASSOCIATION OF SCOTLAND was Founded Twenty-six years ago, and has been among the most successful of the Life Assurance Offices.

The total Sums Assured on Lives Deceased, and paid to the Policy-holders, amount to - - - - £600,000 Stg.  
The Profits already Distributed in Cash amongst Policy-holders during their Lives amount to - - £234,000 Stg.  
The Accumulated Fund Reserved on hand amounts to £853,000 Stg.  
And the Gross Annual Income from Premiums and interest on Investments is upwards of - - - - £220,000 Stg.

**DIVISION OF PROFITS.**

In Class A, by the mode of allocating Profits, the Annual Payments required from the Policy-holders are greatly reduced. Each Policy-holder thus enjoys, *during his own Life*, his share of the Surplus or Profit; in fact receiving back, every year, that portion of his Premiums which has been found more than requisite.

In Class B, the Profits are allocated by way of Additions to the Sums Assured.

**INCREASING POLICIES**

may be effected so as that the Sums Assured shall increase by the lapse of time to *double* the original amount, without corresponding increase of Premium.

*Immediate* Assurers will secure considerable benefits over later Entrants.

 Civilians are allowed to serve in Volunteer Corps within the United Kingdom, or its Colonies, without extra payment.

Secretary.

## LIFE DEPARTMENT.

### *Opinion of the Chancellor of the Exchequer.*

The Directors of the Lancashire have always been content to let the figures in their annual balance sheets prove the sound financial position of the Company, but they think it due to their numerous Shareholders, and Fire and Life insurers, to draw attention to the complimentary remarks of the Chancellor of the Exchequer, made in the House of Commons on 7th March, 1864—*See Times of 8th March.*

The Chancellor of the Exchequer, in moving the adoption of the "Government Annuities Bill," said:

"I wish to show the manner in which business is transacted by officers of the *highest class*, and the reserve they think it necessary to hold in order to give themselves a secure position. I am only going to state two or three cases. Hon. members will bear me out when I say that you know a good deal about the position of an Insurance society when you get three things—first of all its date; secondly, its income from premiums; and thirdly its accumulations. (Hear, hear.) From the relation of these three to one another you know pretty clearly the state of any office."

The Chancellor then gave the figures connected with four Offices of the "highest class," these four being—the Standard, the University, the London and Provincial, Law, and the Lancashire.

In speaking of the *Lancashire*, the *Chancellor* remarked:

"I take another, younger still—the *Lancashire Society*, founded in 1852. Its Premium Income is £23,500; its Accumulations £85,600, or about four years' premium Income. I believe, relatively to its age (only twelve years), a very sufficient and satisfactory accumulation."

**LIFE DEPARTMENT.**

Every description of Life Assurance is transacted upon terms equally favorable and advantageous with other well established Life Offices, and—moreover—Holders of the Society's Life Policies, in addition to sharing in the profits, are entitled to avail themselves of the Guarantee Branch—by obtaining Bonds of Security or *Counter Security* in connection with, and for proportionate sums to their Life Policies—at any future time, without extra outlay.

*By the SPECIAL CHARTER of this Society, 22 Victoria, cap. XXV.*

Its Affairs are subject to periodical investigation by an Inspector appointed by the Imperial Government; and it is provided that the Balance Sheet of the Society be delivered to the Lords Commissioners of Her Majesty's Treasury for their inspection, at the end of each year.

At the last balancing time it was ascertained that the whole working expenses of the Life Department were more than paid by the *profits on the Guarantee business*, thus evincing the great value of the Guarantee Branch, to Life Policy Holders.

The Premiums are as low as those of other first class Offices.

**GUARANTEE DEPARTMENT.**

In addition to Life Assurance, this Society issues **Bonds of Security** for persons holding situations of trust.

Persons already sureties for Government, Bank, or other Employees can obtain **Counter Security** against loss which may arise to them from the defalcations of those for whom they have become bound.

Persons for whom this Society is Surety or *Counter Security*, can assure their lives WITH PROFITS at a considerable reduction on the *ordinary* rate of Premiums for Life Assurance.

☞ All Premiums received in Canada are invested in the Province.
