G. O. No. 2, } With reference to the *G. O.* of the 17th May, 1861,

An Officer taking over a Corps assumes all the responsibility of his
predecessor in this respect.

G. O. No. 1, } Directs attention to a Memo. from the Hon. the

THE OTTAWA CITIZEN

Published Daily and Weekly at Ottawa.

I. B. TAYLOR, PROPRIETOR.

PROSPECTUS FOR 1867.

SUBSCRIPTION:

Daily paper, \$6 a year. Weekly paper, \$1 a year.

(Payable in advance.)

THE OTTAWA CITIZEN is the oldest newspaper extant in the Ottawa Valley. In a few weeks it will enter upon the sixteenth year of its existence. The time has therefore arrived when the Proprietor may appropriately offer a few remarks concerning the past and respecting the future. The *Bytown Packet*, the precursor of the CITIZEN, was first issued in the year 1845, and was continued until 1851, when its name was changed to THE OTTAWA CITIZEN. The CITIZEN has, therefore, under the two names, been published continuously for twenty-two years. Until May, 1865, the CITIZEN was issued as a Semi-Weekly and Weekly Journal, when, a change of proprietorship taking place, its publication as a Daily Newspaper, with a Weekly Edition also, was commenced. The connection formed twenty-two years ago by the *Packet*, with readers and advertisers in all parts of the Ottawa Valley and Central Canada, has been preserved. With the growth and expansion of the population and resources of the Valley, the circulation and influence of the CITIZEN has gradually increased, and now the extent of the issues of both the Daily and Weekly editions in the Metropolis and surrounding districts is such as to give much gratification to the Proprietor, while it affords the amplest of guarantees to advertisers that their notices will be brought fully before the people. The aim of the Proprietor has been to make the CITIZEN a reliable and faithful medium of general news, and a trusty advocate of correct political principles. He has spared no reasonable expense to provide for the readers of the CITIZEN the earliest and most reliable intelligence of public events. The Telegraph Lines have been unsparingly used to convey an epitome of news from the principal Cities in the Province and for the transmission of Reports of important Public Meetings and Demonstrations from the pens of the CITIZEN'S own editorial staff. At the time of the Fenian raids in June last, the Proprietor despatched from his own office two special correspondents to the scene of danger, one East and one West, with instructions to spare no expense in the preparation of reliable intelligence; other correspondents, too, were engaged at different points; and it may be permitted in him to doubt whether any newspaper in the Province was better prepared to furnish the public with news from the Seat of War. A prominent feature in the CITIZEN is the publication every morning of Midnight Despatches per Atlantic Cable, and of other despatches, by the Montreal Line, from all parts of the Provinces, wherever occurrences worthy of note take place. The arrangements of the CITIZEN for the procurement and publication of the latest intelligence are such as to place it in the van of Provincial newspapers for enterprise and industry. The Proprietor will aim to maintain the reputation acquired, and will ungrudgingly meet all possible expenditure with that end in view.

Opinion of the Chancellor of the Exchequer.

The Directors of the Lancashire have always been content to let the figures in their annual balance sheets prove the sound financial position of the Company, but they think it due to their numerous Shareholders, and Fire and Life insurers, to draw attention to the complimentary remarks of the Chancellor of the Exchequer, made in the House of Commons on 7th March, 1864—*See Times of 8th March.*

The Chancellor of the Exchequer, in moving the adoption of the "Government Annuities Bill," said:

"I wish to show the manner in which business is transacted by officers of the *highest class*, and the reserve they think it necessary to hold in order to give themselves a secure position. I am only going to state two or three cases. Hon. members will bear me out when I say that you know a good deal about the position of an Insurance society when you get three things—first of all its date; secondly, its income from premiums; and thirdly its accumulations. (Hear, hear.) From the relation of these three to one another you know pretty clearly the state of any office."

The Chancellor then gave the figures connected with four Offices of the "highest class," these four being—the Standard, the University, the London and Provincial, Law, and the Lancashire.

In speaking of the *Lancashire*, the *Chancellor* remarked:

"I take another, younger still—the *Lancashire Society*, founded in 1852. Its Premium Income is £23,500; its Accumulations £85,500, or about four years' premium Income. I believe, relatively to its age (only twelve years), a very sufficient and satisfactory accumulation."
