The Medical Faculty of the University of Leipzig

Medical Installations in Göttingen Area (two copies)

Medical and Pharmaceutical Targets in Northern Germany and Holland

Box 94 (cont'd) Medical Research in Paris  
The Medical School-Curriculum in War Time Germany  
Medical Supplies Plant of Drs. Degan and Kuth, Duren (two copies)  
Medical Targets in Southern Germany  
Manufacture of Acetaldehyde I.G. Farbenindustrie Schkopau

Box 95 Medical Targets in Strasbourg Area (two copies)  
Messrs. Steeg and Reuter Bad Homburg  
Messerschmitt Companys' Design and Development Department  
Oberammergau  
Messerschmitt Engineering and Research Facilities Oberammergau  
and Aeronautical Research Institute of Vienna  
Messerschmitt Advanced Fighter Design  
Messerschmitt Bombproff Assembly Plant, Landsberg  
Messerschmitt Aircraft Design Development  
Matel Fabrication at Mansfeld A.G. Kupfer Und Messing Werke  
Hettstedt (two copies)  
Metallurgical High Lights in the Recent Manufacture of Rolled  
Steel Plates and Sheets in Germany  
Metallurgical Works in the Aachen District  
Metallgesellschaft-Lurgi Frankfurt AM Main  
Metallwerke Plansee Reutte Tyrol  
Metals for Elevated Temperatures  
Methods of Influencing International Scientific Meetings as  
laid down by German Scientific Organizations  
Methods used in Calculations of Tank Transmissions  
Military and Civilian Dental Education and Practice in Germany  
(two copies)  
Mining Method for a five foot seam pitch 60° (two copies)

Box 95 (cont'd) Mining Method for a Five Foot Seam Pitch 25° to 50° Mine  
Fritz, Hoesch A.G., Essen (two copies)

Miscellaneous Chemicals I.G. Farbenindustrie A.G. Ludwigshafen  
and Oppau (two copies)

Miscellaneous Chemicals I.G. Farbenindustrie A.G. Elberfeld  
and Leverkusen

Miscellaneous Interviews on Medical Practice and Research in  
Germany (two copies)

Miscellaneous Rubber Targets

Montage-Werkstadt, Lichtenfels Carl Schenck G.M.B.H.,  
Darmstadt (two copies)

Mop up of Item 3 targets in France

Most Schokoladenfabrik Halle/Saale

M.W.M. Mannheim Daimler Benz, Rothenbach Brown Boveri Co.,  
Mannheim (two copies)

Neuropathology and Neurophysiology including Electro-Encephalography  
in Wartime Germany

Neuropsychiatric Organizations in the German Air Force

The Neustadt Wire and Kabel Werke Neustadt Bei Cobarg

New Liquid Incendiary Agent (ClF<sub>3</sub>) (three copies)

Nutrition Studies, Institut Für Vetterie Physiologie University  
of Leipzig

The N.V. Organon Pharmaceutical Factory (two copies)

N.Y. Hamburger Gummiwaren-Compagnie Harburg (two copies)

Oberfeldarzt Professor Hugo Spatz The Department of Brain  
Research Kaiser Wilhelm Institute

Oil Targets in Ruhr and Hanover Areas

Operations of Compressed Air Shearing Machines (two copies)

Operation of Pneumatic Packing Machine and Scraper Loader  
with Planer (two copies)

Operation of the Coal-Planer (two copies)

Box 95 (cont'd)    Optical Grinding and Centering Equipment Used by Carl Zeiss, Jena  
Optical Glass Manufacturing at Schott and Gen., Jena  
Organic Protective Coatings  
Organizations of Telefunken  
Otto Bertram Hamburg (two copies)  
Open-Hearth Steel Making Practice at Guss-Stahlfabrikation  
The Oxo Plant, Ruhrchemie Oberhausen-Holden  
Pahl and Doescher Gebruder (two copies)  
Paint Manufacture Etablissements Alphonse Wyns Vilvorde (two copies)  
Partially Completed Underground Factory Audun Le Tiche, France ● ●  
Personnel Anti-Bomb Shelters  
The Peugeot Organisation (two copies)  
Pharmaceuticals and Insecticides I.G. Farbenindustrie A.G, Hochst/Main  
Oil Recovery From Wurttemberg Shale  
Pharmaceuticals and Insecticides at I.G. Farben Plants Elberfeld and  
Leverkusen  
Pharmaceuticals at the I.G. Farbenindustries Plant Elberfeld, Germany  
Pharmaceutical Targets in Germany  
Pharmaceutical Targets in Southern Germany (three copies)  
Pharmaceutical Institut Der Friederich-Wilhelms Universitat, Berlin  
Phillips Plant, Eindhoven (two copies)  
Photographic Lenses and Optical Instruments (two copies)  
Gevaert Photographic Material Manufacturers Antwerp (two copies)  
Photometric Procedures Used in Research and Production of  
German Pyrotechnic Ammunition  
Physical and Optical Instruments and Devices  
Physical and Optical Instrument Targets Paris Area

Box 95 (cont'd)    Physikalisch-Technische Reichsanstalt (two copies)  
                    Pictorial Report V-1 Launching System  
                    The Wesselring Synthetic Fuel Plant

Box 96             Plastics and Wooden Parts in German Aircraft (two copies)  
                    Polhoehc Measurement of Lubricating Oil  
                    Power Plant, Buna-Werke G.M.B.H. Schkopau  
                    Preparation of "Alkazid" M and Dik (two copies)  
                    The preparation of Formamide as an Intermediate for Acrylonitril  
                    Production and Acrylonitril from Acetylene  
                    The Preparation of Tetrahydrofuran Polymers as a Synthetic  
                    Lubricant for Metals (two copies)  
                    Present status of Coal Shearing Machine Design  
                    Pulverized Magnesium  
                    Production and Uses of Calcium Carbide in Germany  
                    Production of Cellulose Acetate I.G. Farbenindustrie Dormagen/  
                    Cologne (two copies)  
                    Production of Cellulose Acetate Flake  
                    Production of Dornier D.O. 24 Flying Boat (two copies)  
                    Production of Electric Cable and Molded Rubber-to-Metal Bonded  
                    Products (two copies)  
                    Production and Fabrication of Magnesium Alloys I.G. Farbenindustrie,  
                    Bitterfeld and Aken  
                    Production of Fatty Acids from By-Products of the Fischer-Tropsch  
                    Process  
                    Protective Garment for Aviators (Seenotschutzgerat), (two copies)  
                    Production of Concentrated Hydrogen Peroxide Solutions Bad  
                    Lauterberg (Harz)  
                    Production of Hydrazine Hydrate I.G. Farben A.G., Leverkusen, Germany  
                    Production Statistics German Steel Industry

Production of Synthetic Fatty Acids and Edible Fats Deutsche Fettsaurewerke, Witten

The Production of Fluorine (U-Stoff) and Chlorine Trifluoride (N-Stoff)

The Production of Tetrahydrofuran Intermediates

The Production of Intense Audio Sounds by an Intermittent Flame

Production and Use of Aerosols

Prof. Dr. Alfred Schmich Kohstanz and Holig Homogenholz Werke G.M.B.H. Baiersbronn (three copies)

Prof. Dr. Ing Emil Sorensen Maschinenfabrik Augsburg-Nurnberg A.G. (two copies)

Professor Doctor Werner Schulemann Malariologist (two copies)

The Proving Ground, Hillersleben

Pulverized Magnesium

Proximity Fuze Development Rheinmetall-Borsig A.G. Mulhausen

Public Mental Health Practices in Germany Sterilization and Execution of Patients Suffering from Nervous and Mental Disease

Radar and Controlled Missiles (two copies)

Portable Cathode-Ray Electrocardiograph

Plant of Klocknerwerke A.G. Castrop-Rauxel

Reich Ministry of Armaments and War Production

Radar and Electronics Targets Cologne and Vicinity

Radio and Radar Activities at Kothen Airfield Interrogation of Baron Peter Von Schacky

Radio and Radar Research Establishments of the German Service Ministries

Radio Sonde Transmitters (two copies)

Radio Telemetering Receiver Selector Developed at the Technische Hochschule Darmstadt (three copies)

Radiography and Magnetic Inspection in German Shipyards

Box 96 (cont'd)

Recoilless Gun Development of Rheinmetall Borsign

Recovery of Metals from Scrapped Airplanes

Refining of Cobalt, Nickel, Zinc and Cadmium

Refractories in Turbine Blades

Regulations Governing Construction of Bombproof Shelters  
(two copies)

Reichforschungsrat

Reich Ministry of Armaments and War Production (two copies)

Reichsstelle Für Kautschuk and Fachgruppe Kautschuk Industrie

Remote Control System for Bomber Gun Turrets

Repair of Damage to Armor Structures

Report on German Aircraft ME-110 G-4/R-3

Report on Vist to Cave used for Storage of Hydrogen Peroxide

Research Activity at Deutsche Versuchsanstalt für Luftfahrt Garmisch

Research Activities at Gottingen on Aerodynamics of Projectiles  
Missiles and Ramjets

Researches of Col. J.N. Bingen

Research and Development of Engines at Hermann Goering Institute  
Volkenrode

Research and Development on Gas Turbines at Junkers Motoren Werke

Research and Development on Gas Turbines Herman Goering Institute  
Volkenrode

Box 97

Research and Development in Hydraulic Couplings (Fluid Power  
Transmissions) J.M. Veith, Heidenheim-Brenz

Research in Aviation Medicine for the German Air Force

Research Institute for Materials of the D.V.L. Sonthofen

Research in the Field of Fat and Proteine Supply in Germany

Research institute for World Forestry and Silviculture

Research Laboratory Deutsche Edelstahlwerke A.G. Krefeld

Research Work Undertaken by the German Universities and  
Technical High Schools for the Bevollmaechtigter Fuer  
Hochfrequenztechnik; Independent Research on Associated Subjects

Rheinische Gummi Celluloid A.G., Mannheim (two copies)

Rheinmetall-Borsig A.G. Düsseldorf

Rheinmetall-Borsig Werke Unterluss

The Rheinmetall Borsig Works and Proving Grounds Unterluss  
(three copies)

Robert Bosch Stuttgart and Fuerbach

Robert Bosch G.M.B.H. Stuttgart (four copies)

Robert Bomb Factory Thill, Luxembourg

Rochling'sche Eisen Und Stahlwerke G.M.B.H. (two copies)

Rocket Ballistics (Guiding and Stabilization) Research and Development  
Work at "Luftfahrtforschungsanstalt Hermann Goering," Volkenrode

Rocket Developments and projects at BMW

Rocket Fuel and Explosive Mixtures Containing Peroxides

Rockets Ionosphere and Stratosphere Research

Rocket Power Plants Designed and Constructed by Walter Werke, Kiel

Rocket Motor Developments in Germany

Röhm and Haas, Darmstadt

Rocket Propellant Production in Brussels
